1 AMELIA DARLENE WHELAN,
2 after first being duly sworn, testified
3 as follows:

4 EXAMINATION BY MR. DETTLING:

5 THE COURT REPORTER: Usual
6 stipulations?

7 MR. SHAW: Yes.

8 MR. DETTLING: Yes.

9 Q. Would you state your name for the
10 record.

11 A. Amelia Darlene Whelan.

12 Q. And would you spell your last
13 name.

14 A. W-H-E-L-A-N.

15 Q. And, Ms. Whelan, we've met
16 before. My name is Ethan Dettling. I'm
17 here representing Christine Bennett. You
18 are aware that you are here as one of Army
19 Fleet Support's designees for a 30(b)(6)
20 deposition notice; is that correct?

21 A. That's correct.

22 Q. And I'm going to let Mr. Shaw on
23 the record just inform me of which of the

FREEDOM COURT REPORTING

Page 7

1 topics you will be providing testimony on
2 behalf of the company.

3 MR. SHAW: She will speak to items
4 three through six, nine through eighteen.
5 Number fourteen there is information that we
6 have produced in response to request for
7 production number three.

8 So you should have that. But if
9 you have questions about it, she will
10 respond to it. And also twenty -- items
11 twenty through twenty-three, thirty-five
12 through thirty-one.

13 Others who will be here are John
14 Hamlin who is going to speak to items one,
15 two and twenty-four. Bob Whitney is going
16 to speak for items seven through -- seven
17 and eight.

18 We object to item number nineteen
19 on the ground that it is confidential
20 information and immaterial to what's going
21 on at this point in the proceedings.

22 MR. DETTLING: Okay. Which one is
23 that?

FREEDOM COURT REPORTING

Page 8

1 MR. SHAW: That's the AFS profits.

2 MR. DETTLING: That's what I
3 thought. I would have guessed that.

4 Q. All right. With that --

5 MR. SHAW: Let me say also there
6 may be occasions when one of these witnesses
7 may have to defer to somebody else depending
8 on how the questions go. But these are the
9 people who are generally speaking to these
10 topics.

11 MR. DETTLING: All right. It's
12 also my intent to take each of these named
13 individuals' depositions individually. But
14 we can clarify it as we go, you know, when
15 questions are asked as to the individuals.
16 Then we'll do that.

17 Q. With that understanding, let me
18 just say that you've been deposed before; is
19 that true?

20 A. That's true.

21 Q. How many times?

22 A. Roughly about fifteen.

23 Q. And in all fifteen of those

FREEDOM COURT REPORTING

Page 9

1 occasions, you have given testimony as part
2 of your employment with Army Fleet Support?

3 A. Yes. Well, a couple of those were
4 also with the University of Mobile who was a
5 previous employer. I worked in their human
6 resources department.

7 Q. And so you're familiar with the
8 process generally?

9 A. I am.

10 Q. And you know that I will ask you
11 questions and that you will answer them out
12 loud?

13 A. Yes.

14 Q. And that if you do not understand
15 my question, you need to ask me to rephrase
16 the question?

17 A. I will.

18 Q. If you answer my question, I'm
19 going to assume that you understood it. Is
20 is that your understanding?

21 A. Yes.

22 Q. And you realize you're sworn?

23 A. I do.

FREEDOM COURT REPORTING

Page 10

1 Q. And that that oath is the same
2 oath as just like you're sitting in the
3 courtroom with a judge and a jury present.
4 You understand that oath is just the same?

5 A. I do understand.

6 Q. If we need to take a break, I'll
7 endeavor to get to a stopping point within a
8 very short time and allow you to do that.
9 Is that fair?

10 A. That's fair.

11 Q. Ms. Whelan, what is your
12 education?

13 A. I have a Bachelor's of Science
14 degree.

15 Q. From what university?

16 A. The University of Mobile.

17 Q. In what year?

18 A. I think it was '99. I'm not quite
19 sure.

20 Q. 1999?

21 A. Yes.

22 Q. And after your Bachelor's degree,
23 have you received any other degrees?

FREEDOM COURT REPORTING

Page 11

1 A. No other degrees. Continual
2 concentrations. But I do not declare those
3 degrees.

4 Q. Okay. You said continual
5 concentrations?

6 A. Correct.

7 Q. What does that mean?

8 A. There would be a venue of study in
9 a particular area such as gerontology,
10 English that I could have declared as a
11 major if I was to take like two additional
12 courses.

13 But I opted to just go with a
14 concentration instead of a degree. A lot of
15 that was done at one point in consideration
16 for teaching adjunct courses in the future.

17 Q. That was while you were at the
18 University of Mobile?

19 A. That is correct.

20 Q. Were any of those concentrations
21 related to management?

22 A. The degree itself was
23 organizational management.

FREEDOM COURT REPORTING

Page 12

1 Q. What was your first job after
2 college?

3 A. Well, I was working at the
4 University of Mobile while I was going to
5 school.

6 Q. And what about after graduation?

7 A. I continued.

8 Q. Working at the University of
9 Mobile?

10 A. The University of Mobile.

11 Q. In what role?

12 A. Human resources.

13 Q. What was your job title?

14 A. Director of human resources.

15 Q. Who did you answer to?

16 A. Dr. Mark Foley, the president.

17 Q. Of the University?

18 A. Yes, sir.

19 Q. How many employees were in that
20 human resources department?

21 A. Three. Four including myself.

22 Q. How long did you work as director
23 of human resources for the University of

FREEDOM COURT REPORTING

Page 13

1 Mobile?

2 A. As director, I was director for
3 about probably two years. Was the manager
4 for probably about three years. And then --

5 Q. Go ahead.

6 A. Then prior to that, I worked for
7 the academic vice-president and worked as
8 her assistant and employment officer, which
9 was basically to hire the faculty.

10 Q. How long were you working with the
11 academic vice-president?

12 A. Six, seven years.

13 Q. Am I understanding correctly that
14 you worked for the University of Mobile for
15 -- anywhere from eleven to twelve years?

16 A. That's correct.

17 Q. And you worked as manager prior to
18 becoming director?

19 A. Right. When I received my degree
20 is when they awarded me the director title.

21 Q. Then you were working as manager
22 during your education?

23 A. Correct. That was a newly formed

FREEDOM COURT REPORTING

Page 14

1 office. And I was in charge of that office.

2 Q. What was a newly formed office?

3 A. Human resources. It was a split
4 function between the academic vice-president
5 and the president's office. The president's
6 office hired the administration.

7 And when I was given that office,
8 we combined all recruiting and hiring
9 functions into one.

10 Q. And after your employment with the
11 University of Mobile, did you go to Army
12 Fleet Support?

13 A. No, I did not.

14 Q. Where did you go?

15 A. I was unemployed for about two
16 months. I was going through a divorce and
17 relocated to this area and took a position
18 as general manager of the Quality Inn and
19 Suites which is where I met Mr. Green.

20 Q. What was your job with Quality Inn
21 and Suites?

22 A. General manager.

23 Q. General manager. What city?

FREEDOM COURT REPORTING

Page 15

1 A. Ozark.

2 Q. How many employees did you have to
3 supervise?

4 A. I don't recall exactly. But
5 approximately thirty.

6 Q. You mentioned -- Did you say
7 that's where you met Mr. Green?

8 A. That is correct.

9 Q. That's Mr. Tom Green?

10 A. Tom Green, the president of AFS.

11 Q. What's the last day --
12 approximately the last day you worked for
13 Quality Inn and Suites?

14 A. It would have been early January
15 of 2004.

16 Q. What about working with the
17 Quality Inn and Suites created an occasion
18 for you to meet Tom Green?

19 A. They were just awarded the
20 contract at Fort Rucker and he and his team
21 came in to really set up shop and establish
22 their processes.

23 And I worked with him in setting

FREEDOM COURT REPORTING

Page 16

1 up office rooms. And they stayed at our
2 facility for several months during that
3 transitional period.

4 Q. Did you provide them with
5 conference rooms?

6 A. Just meeting facilities. It was
7 more or less like one of the suite areas.
8 And then we would just set up work station
9 tables.

10 Q. How many people did -- It's Army
11 Fleet Support that you're talking about;
12 right?

13 A. That is correct.

14 Q. You said they. I knew who you
15 meant. But it's Army Fleet Support?

16 A. Yes, sir.

17 Q. And if you don't mind, I'm going
18 to start saying AFS so I don't wear myself
19 out saying Army Fleet Support. Is that --

20 A. That's okay.

21 Q. How many ASF employees were housed
22 in there at the Quality Inn?

23 A. On a regular occasion, there was

FREEDOM COURT REPORTING

Page 17

1 -- there were three. But there were
2 several that were in and out that did not
3 stay all of the time.

4 Q. Do you know who those three were?

5 A. It was Tom Green, Jerry Leavis,
6 L-E-A-V-I-S, and Dave Pruitt, P-R-U-I-T-T.

7 Q. While you were working at the
8 University of Mobile, did you ever have
9 occasion to handle an employment matter that
10 involved the Americans with Disabilities
11 Act?

12 A. I don't recall. It's been so long
13 ago, that I just don't recall.

14 Q. Do you recall handling a matter at
15 the University of Mobile that involved a
16 discrimination allegation?

17 A. No.

18 Q. What about while you were at
19 Quality Inn?

20 A. No.

21 Q. No ADA matters?

22 A. No.

23 Q. Do you have any specialized

FREEDOM COURT REPORTING

Page 18

1 training in the Americans with Disabilities
2 Act?

3 A. I have had several conferences and
4 seminars.

5 Q. Tell me about those.

6 A. I frequently attend updates
7 through the Society of Human Resources
8 Management.

9 Q. Are you a member of the Society of
10 Human Resources Management?

11 A. I am.

12 Q. Is that to stay in the
13 organization that provides information and
14 seminars and things like that to human
15 resources employees?

16 A. It's a professional organization
17 for human resources professionals.

18 Q. Do they charge dues?

19 A. They do.

20 Q. Does ASF pay those dues?

21 A. Yes.

22 Q. I think I asked you this. AFS
23 pays for dues for that organization?

FREEDOM COURT REPORTING

Page 19

1 A. That's correct.

2 Q. Do they pay dues for any other
3 organizations that you are a member of?

4 A. No.

5 Q. Do you receive periodicals,
6 newsletters, magazines from that
7 organization?

8 A. I do.

9 Q. How often?

10 A. Mailers, probably once a week.
11 E-mails, probably two or three times a week.

12 Q. What do those mailers -- what do
13 they include in the --

14 A. The ones that I receive through
15 regular mail are typically conference
16 notifications, seminar information. The
17 information that I receive by e-mail, that's
18 typically legal updates.

19 Q. How many members of your staff are
20 also members of the Society of Human
21 Resources Management?

22 A. Well, I think fourteen. But of
23 that fourteen, I think four belong to the

FREEDOM COURT REPORTING

Page 20

1 national society and the others to the local
2 society, which is referred to as the
3 Wiregrass Human Resources Management
4 Association.

5 Q. You're a member of the national
6 society; correct?

7 A. That's correct.

8 Q. Do you own any books that were
9 published by this society?

10 A. The society doesn't -- The books
11 that they typically sell are books that they
12 are endorsing, not written by the human
13 resources society itself. But I have
14 purchased books from their book store in
15 which they have endorsed.

16 Q. Do any of those books relate to
17 the Americans with Disabilities Act?

18 A. I'm sure there are sections that
19 refer to the Americans with Disabilities
20 Act. But I don't recall a special book
21 specifically for that.

22 Q. Do you know the names of any
23 titles of books you've purchased?

FREEDOM COURT REPORTING

Page 21

1 A. HR and the Law. I do remember --
2 I can't recall the titles at this moment. I
3 know that recently I purchased a book on
4 updates and worker's compensation. There
5 was a book on recruiting and hiring
6 practices.

7 One on SIC SIGMA (spelled
8 phonetically). One on lean productivity.
9 And then there was also a book on HR
10 specific to SIC SIGMA.

11 Q. SIC SIGMA is that a -- I think
12 I've heard of it. Is it kind of an employee
13 productivity theory?

14 A. It's quality management.

15 Q. Quality management. Okay. Other
16 than books you may have purchased through
17 the Society of Human Resources Management,
18 do you have any other books in your office
19 that relate to the Americans with
20 Disabilities Act?

21 A. I'm sure I do.

22 Q. Do you refer to them in the course
23 of your employment?

FREEDOM COURT REPORTING

Page 22

1 A. I refer to all of the books at
2 some point.

3 Q. Can you speak -- strike that. Can
4 you tell me the names of any of them that
5 you have referred to to give you guidance
6 regarding the Americans with Disabilities
7 Act?

8 A. More than likely, it would have
9 been the HR and the Law.

10 Q. Do you have a copy of the EEOC
11 compliance manual?

12 A. I'm sure I do.

13 Q. Do you refer to that book?

14 A. Yes, I do. I have -- There's also
15 a certification work book offered by the
16 Society of Human Resources Management that
17 has a lot of resource material in it as
18 well.

19 Q. A certification work book?

20 A. Uh-huh.

21 Q. What does that mean, certification
22 work book?

23 A. The Society for Human Resources

FREEDOM COURT REPORTING

Page 23

1 Management at times will offer specialized
2 certifications in certain areas. And you
3 can choose to just purchase the workbooks
4 for general information or you can go for it
5 and receive certification in those areas.

6 Q. Are you certified in any
7 specialized areas?

8 A. No.

9 Q. Have you ever attempted to get
10 certified in any specialized area?

11 A. No.

12 Q. When you first went to the AFS,
13 what was your job title?

14 A. It was administrative coordinator
15 for benefits.

16 Q. And what benefits did you
17 administrate?

18 A. All of the benefits offered to
19 employees by the company.

20 Q. Like health and dental and --

21 A. Long term, short term disability.

22 Q. And how long did you hold that
23 position?

FREEDOM COURT REPORTING

Page 24

1 A. Roughly three or four months.

2 Q. After that three or four month
3 period, did you get another job with AFS?

4 A. Yes, sir.

5 Q. What was that?

6 A. Manager of human resources.

7 Q. As manager of human resources, who
8 was your supervisor?

9 A. Shirley Leingang, L-E-I-N-G-A-N-G.

10 Q. L-E-I-N; correct?

11 A. Correct.

12 Q. And what was her job title?

13 A. She was the director of human
14 resources.

15 Q. How long did you serve in the role
16 as manager of human resources?

17 A. Approximately a year.

18 Q. And I didn't even think to ask,
19 but on what date did you first become
20 employed by AFS?

21 A. January 26, 2004.

22 Q. It's correct that you never worked
23 for Dyncorp?

FREEDOM COURT REPORTING

Page 25

1 A. That is correct.

2 Q. After one year as manager for
3 human resources, what was your next job?

4 A. Director of human resources.

5 Q. As director of human resources,
6 who was your supervisor?

7 A. John Hamlin.

8 Q. What was his job title?

9 A. He was the CAO, chief
10 administrative officer.

11 Q. As director of human resources,
12 what are your job responsibilities?

13 A. I manage the human resources
14 office and all the components within and the
15 labor relations office.

16 Q. So you manage both the human
17 resources office and the labor relations
18 office?

19 A. That all fell under human
20 resources.

21 Q. I think you said -- Well, I think
22 you said components. I'm not sure. But
23 there are different parts of the human

FREEDOM COURT REPORTING

Page 26

1 resources department?

2 A. That is correct.

3 Q. And what are those?

4 A. You have recruiting and manpower,
5 benefits, worker's compensation. I think
6 that was all in there at that time.

7 Q. Did you have --

8 A. Medical services.

9 Q. I'm sorry. What was it?

10 A. Medical services.

11 Q. Did you have individual employees
12 in charge of each of those four areas?

13 A. Yes.

14 Q. Who were those people?

15 A. At that time, it would have been
16 Bob Whitney for recruiting and manpower.
17 Chad Falcon handled worker's compensation.
18 Jackie Addison was medical services. And I
19 think Chad handled benefits as well as a
20 matter of fact.

21 Q. Chad Falcon?

22 A. Yes. For a short period of time.

23 Q. That role -- Assuming Chad Falcon

FREEDOM COURT REPORTING

Page 27

1 was in charge of benefits at that time, was
2 that the role you had held yourself as an
3 admin coordinator of benefits?

4 A. That's correct.

5 Q. Are you still director of human
6 resources?

7 A. No. Director of employee
8 readiness.

9 Q. How long did you work as director
10 of human resources?

11 A. I've been the director of employee
12 readiness now for about -- under a year.

13 Q. Did you have a month and a year
14 when you became director of employee
15 readiness?

16 A. Not with --

17 Q. It's under one year from now?

18 A. That's correct.

19 Q. What are your responsibilities as
20 director of employee readiness?

21 A. I manage all of the offices that
22 we just discussed under human resources and
23 labor relations. Additionally, I have

FREEDOM COURT REPORTING

Page 28

1 security and investigations and training.

2 Q. Is this a new position?

3 A. That is correct.

4 Q. So were you the first person to
5 hold that position with AFS?

6 A. With this title. It was a
7 combination of several offices in our
8 restructuring.

9 Q. So AFS combined roles that were
10 served by different people into one
11 position?

12 A. Somewhat. For instance, the
13 training department at one time belonged to
14 quality. Quality absorbed a lot of other
15 additional projects and they moved some of
16 their work and put them into areas that
17 better supported those departments.

18 For instance, training in most
19 areas falls under human resources. And so
20 that's what Army Fleet Support did. They
21 sent me for training into the human
22 resources and employee readiness arena.

23 Q. Is there still someone who holds

FREEDOM COURT REPORTING

Page 29

1 the job title director of human resources?

2 A. No. There's a manager of human
3 resources.

4 Q. Okay. So there's no longer a
5 director of human resources?

6 A. That is correct.

7 Q. And the manager of human resources
8 is also a position that you have held with
9 AFS?

10 A. That is correct.

11 Q. For one year prior to becoming
12 director?

13 A. Correct.

14 Q. Are the duties for that manager
15 position the same as when you were manager?

16 A. It has changed somewhat. They
17 still have some -- they still have the same
18 programs, but they have added a few
19 different components.

20 They perform special activities
21 for the work force and they also manage a
22 military service program.

23 Q. And what is that, a military

FREEDOM COURT REPORTING

Page 30

1 service program? What does that mean?

2 A. We have a large portion of our
3 work force that are military based reserves,
4 Guard. When they are activated, that office
5 obtains critical information.

6 They may maintain contact while
7 that employee is activated and they
8 coordinate different things with their
9 family to try to keep the communication open
10 and keep the family in contact with the
11 company and participating in activities.

12 Q. As director of employee readiness,
13 you are over training; is that correct?

14 A. That is correct.

15 Q. What forms of -- well, what
16 training?

17 A. Almost anything unless it is
18 something that requires specialized
19 training. The training department consists
20 of several instructors for each location.

21 They will teach specific training
22 on aircraft at those locations as well as
23 corporate required training such as ethics.

FREEDOM COURT REPORTING

Page 31

1 When you get something that is a little more
2 specialized, then you have a subject matter
3 expert that takes over.

4 But they are not part of the
5 training department. But the training
6 department monitors it and tracks that
7 training.

8 Q. Is some of the training performed
9 by the United States military?

10 A. Yes.

11 Q. What training is performed by the
12 military?

13 A. There are times when we have a new
14 equipment building that will require us to
15 have some of our employees trained by the
16 military department. And then we do the
17 trainer -- train the trainer aspect of that
18 person. They become certified and is able
19 to teach some specialized courses.

20 Q. So that one of your employees, an
21 ASF employee would become able to teach what
22 they've been taught by the military?

23 A. Right. To become certified, yes.

FREEDOM COURT REPORTING

Page 32

1 Q. How often would you say that the
2 U.S. military provides AFS with new
3 equipment training?

4 A. Probably two or three times a
5 year. We also work with the Soldier
6 Center. They have health and wellness
7 programs. And their employees will provide
8 sessions to various groups on our contract
9 on stress management, health and wellness,
10 exercise fitness, eating well, all of this.
11 They typically will participate with us in
12 health and wellness days quarterly.

13 Q. Health and wellness days?

14 A. We have a day that's set up at
15 each location for the year. But we make
16 rounds quarterly at the various locations.
17 We just make sure they are all covered
18 within a year.

19 And we'll have a special day set
20 up that goes over the latest safety trends,
21 safety equipment, wellness trends. We also
22 offer educational material, you know,
23 vendors, outside vendors that will come in

FREEDOM COURT REPORTING

Page 33

1 and provide various screenings like
2 cholesterol and they'll do blood pressure
3 checks.

4 Q. Are these health screenings done
5 by military doctors or military nurses?

6 A. No. Vendors. For the most part,
7 Prime Care. Prime Care will come in and --
8 they are the ones that do our pre-employment
9 screenings. And they will come in and
10 perform some of those functions.

11 Q. I think you used the term
12 locations a couple of times. Does that
13 refer to the different fields?

14 A. We have started referring to it as
15 locations now because within some fields, we
16 have different entities. For instance, at
17 Lowe Field, we'll have our Army area and we
18 also have an Air Force area.

19 Q. And so you really don't -- do you
20 not really use Lowe Field anymore or --

21 A. We refer to Lowe Field. It's just
22 usually when I talk -- because of the type
23 of work that I have to do, I usually refer

FREEDOM COURT REPORTING

Page 34

1 to it as a location. And -- because
2 sometimes it will be an Air Force location
3 or the Army location at Lowe.

4 Q. It's a more specific term?

5 A. That's correct.

6 Q. Is this health and wellness
7 training offered by the United States
8 military?

9 A. It's offered by the company.

10 Q. Is it -- You mentioned a Soldier
11 Center. What is the Soldier Center?

12 A. The Soldier Center performs a
13 variety of functions for the military.
14 That's where they do a lot of processing,
15 where you get your decals for your
16 vehicles.

17 And one portion of that, they have
18 a health and wellness office. When we have
19 our health and wellness days, that's when we
20 work with them to get them in with some of
21 their materials so that they can provide
22 that, because like I said earlier, we do
23 have a large base of employees that have a

FREEDOM COURT REPORTING

Page 35

1 military connection.

2 So we want to make sure that they
3 are aware of the different things that the
4 Soldier Center can provide to military
5 personnel.

6 Q. And the Soldier Center itself is a
7 military --

8 A. It's a military facility.

9 Q. Facility?

10 A. Uh-huh.

11 Q. Do military personnel assist in
12 the -- Well, do the military personnel
13 provide training regarding things like you
14 mentioned, stress management, exercise,
15 fitness, diet during your health and
16 wellness days?

17 A. I know there are military that
18 coordinate it. But the actual instructors I
19 think are DOD.

20 Q. Department of Defense instructors?

21 A. That's correct.

22 Q. And you'll have to forgive my
23 ignorance about the differences between the

FREEDOM COURT REPORTING

Page 36

1 Army and the DOD. What does that mean that
2 they are DOD employees?

3 A. They are civilian employees.

4 Q. Of the Department of Defense?

5 A. That is correct.

6 Q. Is the health and wellness
7 training done by DOD employees done free of
8 charge to ASF?

9 A. All of their services are free of
10 charge.

11 Q. Do ASF employees -- I assume that
12 you have employees that participate in these
13 programs?

14 A. In the --

15 Q. In the health and wellness program
16 or days?

17 A. In the health and wellness days,
18 yes.

19 Q. Other than the health and wellness
20 days, is there other training provided by
21 DOD employees?

22 A. Not that I'm aware of.

23 Q. Is it correct that some of the

FREEDOM COURT REPORTING

Page 37

1 people who provide training during health
2 and wellness days are DOD employees and some
3 of them are United States military
4 personnel?

5 A. I don't know that the training is
6 conducted by the military personnel. I know
7 that they participate in coordinating. I
8 don't know if they are just in the
9 scheduling of it and the processing of
10 materials. I couldn't tell you the total
11 scope of their responsibilities.

12 Q. Are -- I think you mentioned --
13 forgive me. Did you say that some
14 educational material is made available?

15 A. That is correct.

16 Q. During the health and wellness
17 days?

18 A. That is correct.

19 Q. Is that material published by the
20 United States Government?

21 A. This is information that is
22 offered through -- it's a wide variety of
23 information. The Soldier Center may opt to

FREEDOM COURT REPORTING

Page 38

1 bring materials with them, some of the
2 brochures that they give you out in their
3 office.

4 They may bring that with them to
5 give out at the health and wellness days.
6 But the other brochures would be offered
7 through the various vendors or maybe some
8 things that on the report itself would print
9 from let's say the American Lung
10 Association.

11 Q. If the Soldier Center brought some
12 of their own brochures, would those
13 brochures have been printed by the United
14 States Government?

15 A. That I don't know.

16 Q. Other than new equipment training
17 provided by the U.S. military personnel and
18 health and wellness training, is there any
19 other training provided by the U.S. Military
20 or by the Department of Defense?

21 A. I'm sure there probably are. I
22 just can't recall them at this moment.

23 Q. Okay. As director of employee

FREEDOM COURT REPORTING

Page 39

1 readiness, are you still involved in human
2 resources functions?

3 A. It's at a much more general level.

4 Q. Is that an executive position?

5 A. That is correct.

6 Q. Within ASF?

7 A. Yes.

8 Q. Bear with me one moment. I am
9 looking for an organizational chart that has
10 been produced during discovery in this
11 case. I'm going to mark this as Plaintiff's
12 Exhibit 1.

13 (Whereupon, Plaintiff's Exhibit
14 No. 1 was marked for identification and
15 attached to the original transcript.)

16 Q. It actually consists of three
17 pages. On the first page, which is Bates
18 number ASF 0080, is your position on this
19 chart?

20 A. Yes.

21 Q. I think I see it. Okay. Second
22 from the left on the second line. Are all
23 those on that second line, are all those

FREEDOM COURT REPORTING

Page 40

1 executive level employees?

2 A. Yes.

3 Q. Do you answer directly to Tom
4 Green in your role as director of employee
5 readiness?

6 A. I do.

7 Q. What is Tom Green's position?

8 A. General manager.

9 Q. And to whom does Tom Green answer?

10 A. To the joint venture committee.

11 Q. Who is the joint venture
12 committee?

13 A. The joint venture committee is --
14 When the contract was formed, there were
15 partners that pulled together that became
16 the joint venture. The partners were
17 minority and major holders of the company.
18 At this moment, it's the majority holders of
19 L3 Communications.

20 Q. Let me borrow this from you for
21 just a second. On this chart, there is no
22 -- none that I can see -- no separate human
23 resources manager. Is that true?

FREEDOM COURT REPORTING

Page 41

1 A. On this list, yes.

2 Q. Is all that within -- or would all
3 that fall under your purview?

4 A. That's correct. The
5 organizational chart that you're looking at
6 right now is referred to as senior staff,
7 all of these employees.

8 Q. The second page, which is page 81,
9 the second page of Plaintiff's Exhibit 1 to
10 this deposition, does this show the human
11 resources department?

12 A. That would have been accurate as
13 of 12-11-2006. But yes, this does show the
14 breakdown of the human resources department.

15 Q. And when you say it would have
16 been accurate as of 12-11-2006, is it no
17 longer accurate?

18 A. Right. The department that I
19 spoke about earlier with the special
20 programs and the military support services,
21 there is another coordinator that is holding
22 that position by the name of Wendy Ball,
23 B-A-L-L.

FREEDOM COURT REPORTING

Page 42

1 Q. That's a new position?

2 A. Right. And she would be listed as
3 program coordinator.

4 Q. And as we discussed, that's a
5 person whose responsibilities are to help
6 coordinate with reservists and other
7 military obligations of AFS employees?

8 A. That is correct.

9 Q. And their families?

10 A. Right. And the special programs
11 which Wendy would be responsible. That
12 position would be responsible for
13 establishing the health and wellness days at
14 the various locations.

15 If we wanted to do some type of a
16 morale function, that would be coordinated
17 through her office.

18 Q. Does the military assist in the --
19 forgive me. I don't remember. What is that
20 position called or that department called?

21 A. For the military services?

22 Q. Yes.

23 A. Special programs. So she is a

FREEDOM COURT REPORTING

Page 43

1 program coordinator for special programs.

2 Q. Does the United States military
3 participate with ASF in programs?

4 MR. SHAW: Object to the form of
5 the question.

6 A. They are always given the
7 opportunity to attend and participate if
8 they would like.

9 Q. Military personnel?

10 A. The military personnel may
11 attend. If they are at that location,
12 typically they'll stop by.

13 Q. I see. But I'm not sure if --

14 A. We don't discount them.

15 Q. Of course not. I don't -- I'm not
16 sure that answered my question. So I'm
17 going to try to ask it a different way to
18 make sure we're clear with one another.

19 A. Let's do.

20 Q. Are there military personnel who
21 assist in designing or implementing the
22 programs that are done for ASF employees
23 with military ties?

FREEDOM COURT REPORTING

Page 44

1 MR. SHAW: Object to the form of
2 the question.

3 A. I'm still finding that a bit
4 confusing.

5 Q. Is one of the things that you all
6 do within the special programs is have
7 functions for the families of AFS employees
8 who are on active military duty?

9 A. We won't have special programs
10 that are specifically for them. If we have
11 like an employee recognition day, we always
12 call to make sure that they are invited and
13 they have an opportunity to participate
14 because during those programs, we will
15 recognize our employees who are -- who have
16 been activated.

17 Q. I see.

18 A. So we want the families to be
19 there.

20 Q. Just as -- hopefully they would if
21 their loved one was not overseas?

22 A. Right.

23 Q. Okay. These are programs that AFS

FREEDOM COURT REPORTING

Page 45

1 puts on itself?

2 A. That is correct.

3 Q. Are these programs part of the
4 costs reimbursed to AFS by the Department of
5 Defense?

6 A. Could be.

7 Q. And I don't mean to pick on you.
8 I'm not. Does that mean they may or may not
9 and you're not sure?

10 A. No. Some are, some aren't.

11 Q. Do some of these programs are
12 costs that are born by AFS and not
13 reimbursed by the Department of Defense?

14 A. Some of them may be.

15 Q. Well, I'm asking -- again, I'm not
16 picking on you. But I'm asking do you know
17 whether some special programs are costs born
18 by AFS and not reimbursed by the Department
19 of Defense?

20 A. I'm not sure I understand exactly
21 what you're asking.

22 Q. Do you know whether some of the
23 costs associated with the special programs

FREEDOM COURT REPORTING

Page 46

1 are costs reimbursed by the Department of
2 Defense?

3 MR. SHAW: Object to the form of
4 the question.

5 A. Yes, they can and they can't be.
6 I mean, it's -- if you're wanting me to give
7 you specifics --

8 Q. No. I'm just asking if there are
9 --

10 A. There are programs that are
11 offered that the military does support as
12 well as programs that the military does not
13 reimburse us for.

14 Q. Okay. Would you do me a favor and
15 write on this second page just where Wendy
16 Ball would fall within that chart.

17 A. (Witness complied).

18 Q. All right. Let the report reflect
19 that Ms. Whelan drew a box and wrote in it
20 the words Wendy Ball; is that correct?

21 A. That is correct. It is a lateral
22 position with the program coordinators.

23 Q. Within the human resources

FREEDOM COURT REPORTING

Page 47

1 department?

2 A. Correct.

3 Q. I may just be missing it. This
4 third page of Exhibit 1, is this just an
5 older chart showing key staff?

6 A. That is correct. That would have
7 been October 2004.

8 Q. October 2004. You were manager of
9 human resources?

10 A. Director.

11 Q. You were director? Oh, there you
12 are. I didn't see you. Sorry about that.
13 And it shows organizationally that you
14 answered to John Hamlin?

15 A. That is correct.

16 Q. But again, this has been
17 restructured and --

18 A. This is not the same
19 organizational chart that we have today.

20 Q. But it was during some of the time
21 period when Christine Bennett was attempting
22 to work for AFS?

23 A. I couldn't answer that without

FREEDOM COURT REPORTING

Page 48

1 going back to verify that with some of my
2 documents and the dates in the system. But
3 for the most part, it appears to be
4 accurate. But the total accuracy, I cannot
5 confirm.

6 Q. And it is dated at the bottom
7 October 1, 2004?

8 A. Correct.

9 Q. When did you first become aware of
10 hearing the name Christine Bennett?

11 A. It would have been sometime during
12 2004. But I honestly cannot give you an
13 exact date.

14 Q. Do you recall how or through what
15 person you first became aware of Christine
16 Bennett?

17 MR. SHAW: Right now, we're
18 talking about her individually?

19 MR. DETTLING: I think that's
20 fair, yes.

21 A. Repeat the question.

22 Q. During 2004 -- You couldn't
23 remember a specific date. And that's fair

FREEDOM COURT REPORTING

Page 49

1 enough. But do you remember how you first
2 became aware of Christine Bennett?

3 A. No.

4 Q. Do you remember why you first
5 became aware of Christine Bennett?

6 A. No. I don't remember the
7 circumstances surrounding a lot of the very
8 first.

9 Q. Let me -- December 1, 2003 was the
10 date that AFS took over the contract; is
11 that correct?

12 A. That is correct.

13 Q. You began your employment January
14 26, 2004?

15 A. That is correct.

16 Q. And you began your employment as
17 administrator coordinator for benefits?

18 A. That's correct.

19 Q. Three to four months later, that
20 gets us late spring, summer of 2004, you
21 become manager of human resources; is that
22 correct?

23 A. That is correct.

FREEDOM COURT REPORTING

Page 50

1 Q. In April 2004, what person or
2 persons within AFS was responsible for
3 determining whether or not a particular
4 employee would be placed in the work that
5 have physical restrictions?

6 A. That would have been -- Shirley
7 Leingang was the director of human
8 resources. Bob Whitney -- But if it was
9 worker's comp, it would have been Chad
10 Falcon.

11 Q. When you first became manager of
12 human resources, did you have responsibility
13 for dealing with the Americans with
14 Disabilities Act issues that arose with
15 employees?

16 A. If there were any, I would have
17 been involved, yes.

18 Q. What would your involvement have
19 been?

20 A. To ensure compliance, to
21 investigate any complaints. To assist in
22 the investigation of any complaints. Excuse
23 me.

FREEDOM COURT REPORTING

Page 51

1 Q. When you say assist in
2 investigating, you mean assist with the
3 director?

4 A. Correct.

5 Q. What would you do to ensure
6 compliance with the Americans with
7 Disabilities Act while you were a manager of
8 human resources with respect to an
9 individual case?

10 MR. SHAW: Object to the form of
11 the question.

12 A. I can't give you an individual
13 case. It's just too far back.

14 Q. And in doing so, would you refer
15 to the Americans with Disabilities Act
16 itself?

17 A. I'm sure I would have.

18 Q. Would you refer to regulations
19 related to the Americans with Disabilities
20 Act?

21 A. Yes.

22 Q. Would you refer to the EEOC's
23 compliance manual with respect to the ADA?

FREEDOM COURT REPORTING

Page 52

1 A. Correct. Or I would call them.

2 Q. When you say call them, do you
3 mean you would call the EEOC?

4 A. That is correct.

5 Q. Who would you call or where would
6 you call?

7 A. Well, we had over the span of --
8 and I can't tell you how many months or
9 years -- the contract had established
10 various contacts through visits.

11 We have some of the EEOC
12 representatives that would come and provide
13 seminars to employees. They give us their
14 business cards and they provide assistance
15 to us whenever we need it.

16 Q. How often would the Equal
17 Employment Opportunity Commission provide
18 seminars to AFS employees?

19 A. They come out I think twice a
20 year.

21 Q. Has that been the case since
22 you've been employed with AFS?

23 A. No. That was a program that I

FREEDOM COURT REPORTING

Page 53

1 started when I became director.

2 Q. When you I guess stepped into the
3 position vacated by Shirley Leingang?

4 A. Correct.

5 Q. Who with the EEOC has been out to
6 give a seminar?

7 A. Investigator Bell was one. She
8 brought two additional people that were new
9 to her office. I just don't recall their
10 names at this time.

11 Q. People from the Birmingham field
12 office?

13 A. I think she brought with her
14 someone from the Atlanta office.

15 Q. Other than Investigator Bell -- I
16 gather that is a female; is that true?

17 A. That is correct.

18 Q. Can you recall any other EEOC
19 employees who provided seminars or training
20 to AFS?

21 A. The two that were with her
22 assisted and provided instruction. One was
23 a male and one was a female. I just don't

FREEDOM COURT REPORTING

Page 54

1 recall their names.

2 Q. Was AFS charged for seminars
3 provided by the Equal Employment Opportunity
4 Commission?

5 A. No. That's a free service they
6 provide to every one.

7 Q. And have they -- strike that. Has
8 the EEOC provided seminars or training twice
9 a year since the date you first became
10 director of human resources?

11 A. The first time -- I don't recall
12 the date that it began. So that would
13 really -- it would be difficult to say twice
14 a year every year since they started. I
15 don't recall during that first time frame
16 how many months were in that year.

17 And I may have been in
18 coordination with them at the end of the
19 year. They didn't start the program
20 instruction until the following year.

21 Q. Is it possible that in some years
22 it was more than twice a year?

23 A. It may have been.

7 IT IS FURTHER STIPULATED AND
8 AGREED that it shall not be necessary for

1 JOHN LEROY HAMLIN,
2 after first being duly sworn, testified
3 as follows:

4 EXAMINATION BY MR. DETTLING:

5 THE COURT REPORTER: Usual
6 stipulations?

7 MR. SHAW: Yes.

8 MR. DETTLING: Yes.

9 Q. Would you state your name for the
10 record, please.

11 A. John Leroy Hamlin.

12 Q. H-A-M-L-I-N?

13 A. Yes.

14 Q. Mr. Hamlin, it's your
15 understanding that you're here today as part
16 of a continuation of a 30(b)(6) deposition
17 of Army Fleet Support?

18 A. Yes.

19 Q. And you've been designated to
20 speak regarding certain topics for Army
21 Fleet Support?

22 A. Yes.

23 Q. And I will refer to Army Fleet

FREEDOM COURT REPORTING

Page 7

1 Support as AFS. Is that all right with you?

2 A. Yes, sir.

3 Q. If there's ever something that I
4 say that you don't understand, just let me
5 know.

6 A. All right.

7 Q. If you answer my questions, I'm
8 going to assume that you understood my
9 question.

10 A. Yes.

11 Q. So it's important that if you do
12 not understand my question, you let me know
13 now before you answer so I can ask it a
14 different way until you do understand my
15 question. Is that fair?

16 A. Yes, sir, that's fair.

17 Q. I want an answer out loud. We
18 might see you nod your head or shake your
19 head or say uh-huh or huh-uh. If I prompt
20 you to say was that a yes or was that a no,
21 I'm not trying to pick on you.

22 I'm just trying to get a verbal
23 response on the record so that we can later

FREEDOM COURT REPORTING

Page 8

1 have a clear understanding of what was
2 said. Is that fair?

3 A. I understand, yes.

4 Q. Good. Mr. Hamlin, what's your
5 current job title?

6 A. Director of business and
7 contracts.

8 Q. And how long have you had that
9 role with AFS?

10 A. Since December of 2005.

11 Q. Prior to December of 2005, did you
12 have other positions with AFS?

13 A. Yes, I did.

14 Q. How many?

15 A. Two.

16 Q. What are they?

17 A. First was logistics coordinator.

18 Q. Okay.

19 A. Second was director of operations
20 and administration.

21 Q. So the first one in time was
22 logistics coordinator?

23 A. Yes.

FREEDOM COURT REPORTING

Page 9

1 Q. What dates were you logistics
2 coordinator?

3 A. Mid November of 2003 to mid
4 January of 2004.

5 Q. Did you in January of 2004 become
6 director of operations and administration?

7 A. Yes, I did.

8 Q. And you kept that until December
9 of 2005 when you became director of business
10 and contracts?

11 A. Yes, I did.

12 Q. What were your job duties as
13 logistics coordinate?

14 A. It was a transition role when the
15 company first assumed the contract. And I
16 was assisting Mr. Green in any type of
17 duties he needed me to do to transition from
18 DynCorp to Army Fleet Support.

19 Q. So you assisted Tom Green?

20 A. Tom Green, general manager, yes.

21 Q. Were you a DynCorp employee?

22 A. I was not.

23 Q. Tell me about when you first

FREEDOM COURT REPORTING

Page 10

1 became employed by Army Fleet Support.

2 A. It was mid November 2003.

3 Q. What was the process for you to
4 become employed with AFS?

5 A. I had about a year prior
6 interviewed with Rathion (spelled
7 phonetically) for assistance in writing the
8 contract for AFS that they proposed to the
9 Government.

10 Q. So you interviewed with Rathion a
11 year earlier?

12 A. Yes.

13 Q. And explain to me again what you
14 just said. I'm not sure I understood it.

15 A. There was a process in place for
16 Rathion to develop a business proposal to
17 bid the contract. And Mr. Tom Green
18 referred me to Rathion to be a part of the
19 contract in the event that Army Fleet
20 Support won.

21 So I was interviewed and was
22 originally going to be a member of the
23 contract writing team. But they did not

FREEDOM COURT REPORTING

Page 11

1 hire me to do that. So I was not contacted
2 for employment with AFS until October. And
3 Mr. Green offered me a position.

4 Q. What's the connection, the
5 business relationship between Rathion and
6 Army Fleet Support?

7 A. Rathion was originally one of the
8 joint venture partners for Army Fleet
9 Support.

10 Q. Who were the other joint venture
11 partners?

12 A. L3 COM IS.

13 Q. Who else?

14 A. And Pargon Systems.

15 Q. Okay.

16 A. U.S. Helicopter.

17 Q. Were you employed by any of those
18 companies?

19 A. Yes. During the transition, I was
20 employed by U.S. Helicopter. Let me
21 rephrase that. My job offer came from U.S.
22 Helicopter on behalf of Mr. Tom Green.

23 I received compensation from U.S.

FREEDOM COURT REPORTING

Page 12

1 Helicopter during the transition until AFS
2 was officially stood up on 1 December,
3 2000.

4 Q. When did Army Fleet Support come
5 into existence?

6 A. Maybe you should rephrase that.
7 I'm not sure what you mean came into
8 existence.

9 Q. When was AFS, LLC, formed, if you
10 know?

11 A. I don't know the exact date.

12 Q. Do you know if it was formed
13 solely for performance of the maintenance
14 contract with Fort Rucker?

15 A. Yes, it was.

16 Q. And do you know if Army Fleet
17 Support was, in fact, was -- strike that.
18 Was Army Fleet Support the bidder on the
19 contract?

20 A. Yes, it was.

21 Q. Okay. So is it your understanding
22 that Army Fleet Support was formed as an
23 entity prior to the bid being submitted on

FREEDOM COURT REPORTING

Page 13

1 the contract?

2 A. Yes, it was.

3 Q. At that time, where was Army Fleet
4 Support's headquarters?

5 A. It was at Madison, Mississippi
6 with Rathion.

7 Q. And how many, if you know, how
8 many persons did AFS employ in Madison,
9 Mississippi?

10 A. I don't know.

11 Q. Do you know if Tom Green was
12 employed by AFS in Madison, Mississippi?

13 A. I don't know exactly who Tom Green
14 was employed by. Tom Green was one of the
15 writers of the proposal working for Rathion
16 in Pensacola, Florida.

17 Q. You were employed -- I think you
18 said your employment came through U.S.
19 Helicopter?

20 A. Yes.

21 Q. When was that?

22 A. Mid November of 2003.

23 Q. That was at the same time you were

FREEDOM COURT REPORTING

Page 14

1 --

2 A. Yes.

3 Q. The same time you became employed
4 by Army Fleet Support?

5 A. Yes.

6 Q. Prior to November 2003, what were
7 you doing?

8 A. I worked for a bank in Key Largo,
9 Florida.

10 Q. Had you ever worked for a military
11 contractor before?

12 A. I had not.

13 Q. Had you ever written a proposal or
14 a bid proposal for a Government contract
15 before?

16 A. Yes, I had.

17 Q. Tell me about that.

18 A. It would have been with employment
19 with Ferrell Gas, LLC. I was an area
20 manager. And we sold primarily petroleum
21 products, some propane. And we would bid
22 supplying propane services, quantities of
23 propane to some Government installations.

FREEDOM COURT REPORTING

Page 15

1 Q. Do you know who was on the
2 contract writing team for this contract with
3 Fort Rucker, maintenance contract?

4 A. I don't know the entire team, no.

5 Q. Do you know some of the people?

6 A. Yes, I do.

7 Q. Who are they? Who are the people
8 that you know of?

9 A. Mr. Tom Green, Mr. Corky Saik.

10 Q. Do you know if that's spelled
11 S-Y-K-E?

12 A. S-A-I-K.

13 A. Mr. Jerry Leavis, L-E-A-V-I-S.

14 Q. Okay.

15 A. Mr. Mark Whitaker.

16 Q. What was Mr. Saik's first name?

17 A. Corky, C-O-R-K-Y.

18 Q. All right. You didn't have any
19 role in drafting the bid proposal at all?

20 A. I did not.

21 Q. Do you know what negotiations took
22 place between AFS and the Department of
23 Defense?

FREEDOM COURT REPORTING

Page 16

1 A. I do not.

2 Q. No. All right. Do you know after
3 the bid proposal is accepted, after a
4 company becomes the winning bidder, are
5 there then negotiations between the winning
6 bidder and the Government regarding some
7 particulars for the contract?

8 A. There are modifications that are
9 done to the contract that are ongoing. If
10 they are a lateral agreement, there are
11 negotiations with the Government.

12 Q. You submitted an affidavit in
13 connection with this lawsuit; is that
14 correct?

15 A. Yes.

16 Q. And I might as well mark it, a
17 copy of it.

18 (Whereupon, Plaintiff's Exhibit
19 No. 16 was marked for identification and
20 attached to the original transcript.)

21 Q. I have marked it as Plaintiff's
22 Exhibit 16. Make sure that this is a copy
23 of your affidavit.

FREEDOM COURT REPORTING

Page 17

1 A. Yes, it is.

2 Q. In your affidavit, you described a
3 cost plus contract?

4 A. Yes, I did.

5 Q. Explain to me what a cost plus
6 contract is.

7 A. It's a cost reimbursable contract
8 plus incentive fees and performance fees.

9 Q. Explain, if you would, someone is
10 not on a day-to-day basis working with cost
11 plus contracts how it works.

12 A. The actual cost of the contract
13 are reimbursable from the Government. If
14 AFS achieves certain performance standards
15 or achieves certain cost savings, then AFS
16 is awarded a percentage of those savings or
17 is paid an additional fee for performance or
18 an additional fee or an award fee for a
19 special program.

20 Q. What costs are reimbursed?

21 A. Those costs that are allowable
22 under the FAR clause, Federal Acquisition
23 Regulations.

FREEDOM COURT REPORTING

Page 18

1 Q. What's the acronym?

2 A. FAR, F-A-R.

3 Q. I'm sorry. The FAR stands for
4 what?

5 A. Federal acquisition regulations.

6 Q. Are you familiar with the Federal
7 Acquisition Regulations?

8 A. I'm familiar with those that
9 pertain to this contract.

10 Q. Fair enough.

11 A. There are quite a few.

12 Q. So it's not accurate that all of
13 AFS's costs in connection with the contract
14 at Fort Rucker are reimbursed by the
15 Government; is that true?

16 A. That's true. Some are
17 unallowable.

18 Q. Are there certain categories of
19 unallowable expenses that you can describe?

20 A. An example would be a property
21 that's owned by the contractor or a property
22 that's leased by the contractor that's not
23 used by the contract. For example, it would

FREEDOM COURT REPORTING

Page 19

1 be a leased vehicle.

2 Another example would be lunches,
3 business lunches. Another example would be
4 membership in an organization such as a
5 Chamber of Commerce in the local community.
6 Another would be charitable donations.

7 Q. Yes. I would hope that one would
8 not be a reimbursable cost. You could see
9 that that could create some interesting
10 problems. Membership and organizations,
11 would that include like professional
12 organizations?

13 A. Professional organizations such as
14 the Army Aviation Association. The
15 Association of the United States Army, if
16 it's a benefit to the Government, are
17 reimbursable.

18 Q. What about the -- I can't remember
19 what it was. The society of -- well, I
20 can't remember what it was. But there's a
21 human resources national organization.

22 A. Yes.

23 Q. Are you a member of that?

FREEDOM COURT REPORTING

Page 20

1 A. I am not currently a member.

2 Q. Is that the kind of organization
3 that you can get reimbursed for?

4 A. Yes, it is.

5 Q. Society of Human Resources
6 Management. Is that --

7 A. That's correct.

8 Q. Are there other categories of not
9 reimbursable expenses?

10 A. Proposal developments for business
11 external to this contract.

12 Q. What does that mean?

13 A. Example. If we had a business
14 opportunity to bid on another contract, it's
15 not reimbursable under this current
16 contract. It would have to be funded a
17 different one.

18 Q. What is considered the inception
19 date of the contract or I suppose it's maybe
20 spelled out explicitly in the contract. Do
21 you know the inception date of the contract
22 between AFS and the Department of Defense?

23 A. December the 1st, 2003.

FREEDOM COURT REPORTING

Page 21

1 Q. Are costs incurred prior to the
2 inception date reimbursable under the
3 contract?

4 A. Yes.

5 Q. What costs?

6 A. Those were transition costs. It
7 was a sixty day period from 1 October, 2003
8 to 1 December, 2003 for labor, facilities,
9 expenses related to transitioning between
10 DynCorp and Army Fleet Support.

11 Q. For labor, facilities and what?

12 A. Any type of say office supplies or
13 any direct business requirement for the
14 transition.

15 Q. Are moving expenses included in
16 that transitional cost?

17 A. Can you define what type of moving
18 expenses you're talking about?

19 Q. Expenses for moving AFS's property
20 of any kind on to Fort Rucker or into AFS's
21 local office here?

22 A. AFS did not own any property
23 during the transition.

FREEDOM COURT REPORTING

Page 22

1 Q. They did not own any desks?

2 A. No.

3 Q. Or computers?

4 A. They owned -- No, did not.

5 Q. They owned no computers?

6 A. No. Not to my knowledge.

7 Q. Did it own any vehicles?

8 A. No.

9 Q. Was property owned by any of the
10 joint venture partners moved to either Fort
11 Rucker or to AFS's local office?

12 A. No, it was not.

13 MR. DETTLING: Hold on one second.
14 I'm sorry.

15 (Whereupon, a short recess was
16 taken.)

17 Q. I apologize for that
18 interruption.

19 A. That's all right.

20 Q. Were any AFS employees relocated
21 as a result of the contract with the
22 Department of Defense?

23 A. Yes, they were.

FREEDOM COURT REPORTING

Page 23

1 Q. And how many?

2 A. I don't know the exact number. I
3 was one of them.

4 Q. All right. Were the costs of
5 relocating employees covered under the
6 transition cost?

7 A. They were reimbursable by the
8 Government, yes.

9 Q. Did AFS purchase anything in
10 preparation for the Fort Rucker contract?

11 A. Yes, we did.

12 Q. What was purchased?

13 A. Lap top computers, office
14 supplies. Things like folding easels, white
15 boards. The types of things you would have
16 to run an office.

17 Q. How about furniture?

18 A. No.

19 Q. Was the cost of purchasing those
20 items reimbursed by the Government?

21 A. Yes, they were.

22 Q. Who at the Army or Department of
23 Defense is the appointed contact for Army

FREEDOM COURT REPORTING

Page 24

1 Fleet Support?

2 A. The local point of contact was the
3 administrative contracting officer, Mr.
4 Chester Nolin.

5 Q. How is his last name spelled?

6 A. N-O-L-I-N.

7 Q. Administrator --

8 A. Administrative contracting
9 officer.

10 Q. And who else would serve as a
11 point of contact?

12 A. There was a Ms. Deborah Craig,
13 C-R-A-I-G, who was recently added to the
14 staff as an administrative contracting
15 officer or commonly referred to as the ACO.

16 Q. As a local contact?

17 A. Yes.

18 Q. And how would I get in touch with
19 Mr. Nolin or Ms. Craig?

20 A. I have their phone numbers.

21 Q. You don't happen to know them, do
22 you?

23 A. I don't.

FREEDOM COURT REPORTING

Page 25

1 Q. Are they stationed at Fort Rucker?

2 A. Yes, they are.

3 Q. Are they the persons that AFS goes
4 through should they have any questions about
5 the contract between AFS and the Department
6 of Defense?

7 A. Yes, that's correct. The overall
8 contracting officer is Ms. Kathy Dickens.
9 That's K-A-T-H-Y. And that's normally
10 abbreviated KO, contracting officer. She's
11 in Huntsville, Alabama.

12 Q. In connection with the contract
13 between AFS and the Department of Defense,
14 the Department of Defense has agreed to
15 furnish certain property for AFS's use; is
16 that correct?

17 A. That's correct.

18 Q. And the property the Government
19 provides is specified or listed. I'm not
20 sure if it's in the contract, but it's
21 certainly listed in documents related to the
22 contract; is that correct?

23 A. That's correct.

FREEDOM COURT REPORTING

Page 26

1 Q. I believe that the property
2 furnished by the Government is listed in
3 documents that were attached to your
4 affidavit?

5 A. That's correct.

6 Q. That's correct. And what I'm
7 going to hand you with a binder clip on it
8 is, I believe, a list of Government
9 furnished equipment; is that correct?

10 MR. SHAW: I think -- go ahead and
11 answer.

12 A. Yes, it is.

13 MR. SHAW: And there's some other
14 things in here, too.

15 MR. DUTTLING: Right.

16 Q. There's also some provisions
17 pertaining to Government furnished
18 equipment; is that correct?

19 A. That's correct.

20 Q. There's also real property that is
21 furnished by the Government for AFS's use;
22 is that also correct?

23 A. Yes, it is.

FREEDOM COURT REPORTING

Page 27

1 Q. Does AFS pay any rent to the
2 United States Government for the use of that
3 real property?

4 A. No, they do not.

5 Q. Does AFS pay any rent to the U.S.
6 Government for the use of any personal
7 property?

8 A. I'm not sure what you mean by
9 personal property.

10 Q. Sure. Property other than real
11 property.

12 A. There are vehicles. There are
13 tools. There are facilities and the
14 aircraft. AFS does not pay a fee or
15 anything for those.

16 Q. So although those things aren't
17 provided by the Government but AFS has
18 actually received those items for their use,
19 there's not been any fee or rent charged to
20 AFS for any of those items?

21 A. It's not for AFS's use. It's to
22 support the contract for the Government.

23 Q. Well, does AFS use the items that

FREEDOM COURT REPORTING

Page 28

1 are furnished by the Government?

2 A. Yes, sir.

3 Q. Are these items, items that are
4 necessary to complete performance of the
5 contract?

6 A. Yes, they are.

7 Q. And this list is extensive. I
8 don't think it serves any purpose to go
9 through all of the items contained in it.

10 But it appears there are quite a
11 few motor vehicles that are provided.

12 A. Yes, there are.

13 Q. And, in fact -- Well, I guess the
14 vehicles seem to have their own schedule
15 independent from some of the other items
16 that are furnished. It looks like a four
17 page portion of these documents. Is that
18 accurate?

19 A. Yes, it is. It's a separate
20 attachment.

21 Q. Attachment 11, it appears to be?

22 A. Yes, sir.

23 Q. I don't know if there's a number

FREEDOM COURT REPORTING

Page 29

1 on here that say how many it is. But do you
2 have an idea how many vehicles are provided
3 by the Government?

4 A. Several hundred.

5 Q. There are cars among them?

6 A. No, there are no cars.

7 Q. There are trucks?

8 A. Yes, there are.

9 Q. But light trucks, pickups?

10 A. Primarily the pickup trucks.

11 There are a few heavy vehicles such as an
12 eighteen wheeler, a wrecker for the heavy
13 vehicles. And then there are carts made by
14 Kawasaki.

15 Q. It appears there may be a few
16 sport utility vehicles?

17 A. There are vans.

18 Q. There are vans?

19 A. Yes.

20 Q. And are those Kawasaki? Is that
21 what you said?

22 A. Yes.

23 Q. Are those carts listed on the

FREEDOM COURT REPORTING

Page 30

1 attachment 11 in this four page attachment?

2 A. I'd have to look and see.

3 Q. I don't know. I didn't see
4 anything that looked like that. I don't
5 know.

6 A. It doesn't look like they are
7 listed on that attachment.

8 Q. Do you know how many of those
9 carts are provided?

10 A. At least one hundred.

11 Q. Is the fuel for all of those
12 vehicles also provided by the Government?

13 A. Yes, it is.

14 Q. Is the maintenance for the
15 vehicles provided by the Government?

16 A. Yes and no. The basic service for
17 the vehicles is part of the general services
18 administration for the trucks, vans, those
19 types of vehicles. The Kawasaki vehicles
20 are maintained by AFS employees.

21 Q. Now, a moment ago you mentioned
22 there are several hundred motor vehicles
23 furnished by the Government?

FREEDOM COURT REPORTING

Page 31

1 A. Yes.

2 Q. Are all of those motor vehicles in
3 use?

4 A. Yes.

5 Q. And the carts, at least a hundred,
6 whatever the number is, are all of those
7 carts put to use?

8 A. Yes, they are.

9 Q. So there's no surplus of carts or
10 vehicles?

11 A. No.

12 Q. Is there a shortage of the carts
13 or vehicles?

14 A. No.

15 Q. And this list, I suppose I need to
16 go ahead and mark it Exhibit 17
17 collectively.

18 MR. DETTLING: Is that
19 acceptable?

20 MR. SHAW: Sure.

21 (Whereupon, Plaintiff's Exhibit
22 No. 17 was marked for identification and
23 attached to the original transcript.)

FREEDOM COURT REPORTING

Page 32

1 Q. It contains quite a few computers
2 and computer related equipment; is that
3 correct?

4 A. Yes, it does.

5 Q. And does AFS put all of the
6 computer equipment listed in here to use?

7 A. Yes, they do.

8 Q. Is there any surplus?

9 A. No, there's not.

10 Q. Is there any shortage?

11 A. Yes.

12 Q. Tell me about that.

13 A. There are new programs that the
14 Army has instituted that we have asked for a
15 number of computers to support those
16 programs. But due to funding constraints,
17 they have not been provided.

18 Q. What kind of programs?

19 A. For example, moving from a manual
20 logbook of maintenance records for an
21 aircraft to an automated system for the
22 mechanics on the flight line to have actual
23 use of a computer versus using technical

FREEDOM COURT REPORTING

Page 33

1 manuals that are hard copy. The Army is
2 moving more and more to automated electronic
3 systems.

4 Q. In other words, a change that the
5 Army is in the process of implementing?

6 A. Yes, it is.

7 Q. Are there library materials and
8 publications available for ASF's use?

9 A. Yes.

10 Q. Government published materials?

11 A. Yes, sir.

12 Q. Does the Government charge any fee
13 for the use of those materials?

14 A. They do not.

15 Q. Or the reproduction of those
16 materials?

17 A. They do not.

18 Q. Does the Government provide all
19 copying services required for the contract,
20 photo copying services?

21 A. Yes. AFS owns one copier that we
22 have purchased.

23 Q. Did the Government reimburse for

FREEDOM COURT REPORTING

Page 34

1 that?

2 A. They did not.

3 Q. Why not?

4 A. It was for AFS's business use
5 only.

6 Q. And explain to me what that --
7 What does that mean for AFS's business use
8 only?

9 A. All copying machines are
10 maintained by the director of information
11 and management at Fort Rucker. And they are
12 assigned based on the number of copies you
13 make.

14 Many of them are slow, black and
15 white only and are inadequate to meet the --
16 some of our needs. Therefore, we purchased
17 a better quality machine that makes color
18 copies for our use.

19 Q. Does AFS use the copier that it
20 purchased in the performance of its contract
21 with the Department of Defense?

22 A. Part of it. Part of that use is
23 also for that. It's part of the contract,

FREEDOM COURT REPORTING

Page 35

1 yes.

2 Q. Has AFS purchased any vehicles in
3 connection with the contract?

4 A. No, we haven't.

5 Q. Has AFS purchased any tools in
6 connection with the contract?

7 A. Not to my knowledge.

8 Q. Has AFS purchased any computers in
9 connection with the contract?

10 A. No, we have not.

11 Q. What savings did AFS realize as a
12 result of the Government furnished equipment
13 provided in connection with this contract?

14 A. None.

15 Q. And how is it possible that the
16 Government could provide several hundred
17 vehicles and over a hundred carts and all
18 the computers needed for the contract, all
19 photocopy services needed for the contract,
20 all the desks, chairs and office equipment
21 needed for the contract and yet Army Fleet
22 Support has realized savings as a result of
23 all those things the Government has

FREEDOM COURT REPORTING

Page 36

1 provided?

2 A. We would have bid the contract
3 differently. It would have cost the
4 Government more money and there would have
5 been fees associated with the use of that.

6 Q. How would AFS have bid the
7 contract differently?

8 A. You would have to incorporate into
9 the proposal the cost of your facilities'
10 rent, utilities, taxes and a service fee
11 attached with that to that Government and
12 asked for reimbursement for that.

13 Q. What is a service fee?

14 A. Such as you're using my equipment
15 or something. I'm paying a -- either I own
16 it through a capital investment or I'm
17 paying a lease or something on it and I have
18 to manage that equipment or facility.

19 Therefore, there would have been a
20 -- it's called a user fee attached with
21 that. Some type of percentage added into
22 the contract. The cost associated with
23 doing that.

FREEDOM COURT REPORTING

Page 37

1 Q. I'm not an expert on cost plus
2 contracts, but is that fee the plus part of
3 the cost plus contract?

4 A. No, it's not.

5 Q. Is it true that under a cost plus
6 contract there is a certain percentage set
7 by the Government that is paid to the
8 contractor over and above the reimbursed
9 expenses?

10 A. There is a base fee that's a part
11 of the negotiated contract.

12 Q. What is the base fee?

13 A. Base fee varies over the course of
14 the life of the contract over ten years.

15 Q. That was a bad question. Explain
16 what base fee means.

17 A. There is an agreed upon percentage
18 that's over the cost reimbursed for AFS
19 managing this contract.

20 Q. I think you just stated that that
21 percentage or base fee can vary over time?

22 A. The base fee is set in the
23 contract over the life of the contract. And

FREEDOM COURT REPORTING

Page 38

1 in this case, it actually declines each
2 year.

3 Q. Initially, what was the base fee?

4 A. I don't recall what it was.

5 Q. Do you know a range of what that
6 percent fee is?

7 A. Somewhere around the one percent
8 range.

9 Q. Is there a competitive advantage
10 to some companies that results from the rent
11 free use of Government owned property?

12 A. All of the competitors that bid
13 this contract have the same provisions in
14 the request for proposal for the Government
15 to provide these facilities and equipment.

16 Q. I think I understand your answer.
17 But I'm not entirely sure that it answered
18 my question.

19 My question was, regardless of
20 whether each of the bidders had the same
21 provisions for Government furnished
22 equipment, are there some bidders that
23 recognize a competitive advantage over other

FREEDOM COURT REPORTING

Page 39

1 bidders as a result of the Government
2 furnished equipment?

3 A. Not to my knowledge.

4 Q. Is there any ability or provision
5 for a bid on this contract without the
6 Government furnished equipment?

7 A. The AFS is prohibited from using
8 the facilities or equipment on this contract
9 to support other contracts without the
10 permission from the contracting officer.

11 Q. We talked earlier briefly about
12 costs that are not reimbursable?

13 A. Yes.

14 Q. And among those, I think that you
15 mentioned property owned by AFS?

16 A. Yes.

17 Q. Okay. Explain what that means.

18 A. AFS owns a few pieces of
19 furniture, several computers, a printer, a
20 copy machine that we will use for --
21 primarily for functions that are not related
22 to this contract such as a new business
23 opportunity. That has to be totally fire

FREEDOM COURT REPORTING

Page 40

1 walled from this contract.

2 Q. I think I know what you mean by
3 fire walled. But that means --

4 A. There is no reimbursement from
5 this contract to support that activity.

6 Q. Is that activity disclosed in some
7 manner to the Government?

8 A. Yes.

9 Q. It is. It is disclosed as a cost
10 that is not reimbursable?

11 A. The Government does not audit any
12 of that -- those finances. It's not
13 disclosed in any type of financial report to
14 the Government.

15 Q. Does the Government provide in
16 connection with the contract any training to
17 AFS?

18 A. Yes, they do.

19 Q. What training does the Government
20 provide?

21 A. Primarily for new equipment
22 training such as the introduction of the new
23 aircraft into the inventory.

FREEDOM COURT REPORTING

Page 41

1 Q. When such training is provided,
2 who actually does the training?

3 A. It's either done by Government
4 employees, active duty military or another
5 Government subcontractor. There is
6 follow-up training that is done by AFS
7 employees.

8 Q. In other words, the AFS employees
9 who are initially trained can then become
10 trainers themselves?

11 A. That is correct.

12 Q. You said primarily for new
13 equipment training?

14 A. Yes.

15 Q. What other forms of training are
16 provided by the Government?

17 A. New programs that are introduced
18 that the Government desires us to do. An
19 example would be lean implementation.

20 Q. L-E-A-N?

21 A. Yes, L-E-A-N.

22 Q. What is lean implementation?

23 A. It's primarily a process to reduce

FREEDOM COURT REPORTING

Page 42

1 waste, to become more efficient, more
2 productive in the work place.

3 Q. Is it a management philosophy? Is
4 that what that is?

5 A. Basically it's an all employee
6 philosophy, from the senior person in the
7 company to the hourly employees.

8 Q. You gave that as an example?

9 A. Yes.

10 Q. Is that something that actually
11 did happen?

12 A. It's ongoing.

13 Q. Who provides the training for the
14 lean implementation?

15 A. It's been provided by several
16 organizations. Primarily subcontractors and
17 also by some Government employees and AFS
18 employees who are training trainers.

19 Q. And this training is provided free
20 of charge --

21 A. Yes.

22 Q. -- through AFS? Have you received
23 training yourself?

FREEDOM COURT REPORTING

Page 43

1 A. I have.

2 Q. With the -- And specifically
3 pertaining to this lean implementation?

4 A. Yes, I have. I received training
5 through the University of Tennessee in
6 Knoxville, Tennessee. Forty hours
7 instruction.

8 Q. And who else with AFS received
9 similar training along with you at the
10 University of Tennessee?

11 A. There probably have been around
12 twenty-five to thirty employees.

13 Q. Of AFS?

14 A. Of AFS.

15 Q. And how long or over what period
16 of time did you receive the forty hours of
17 instruction?

18 A. One week.

19 Q. Did you stay in Knoxville during
20 that week?

21 A. Yes.

22 Q. Were the costs associated with
23 your stay in Knoxville born by the

FREEDOM COURT REPORTING

Page 44

1 Government?

2 A. Yes.

3 Q. Do you know or is there any
4 particular program or department within the
5 University of Tennessee that provided the
6 lean training?

7 A. Yes, there is. I don't recall the
8 exact title of that department.

9 Q. Is it within their school of
10 business?

11 A. Yes, it is.

12 Q. Is this lean program a program
13 that is used by many different types of
14 corporations?

15 A. Yes, it is.

16 Q. During your forty hours of
17 instruction at the University of Tennessee,
18 were there managers or employees of other
19 companies who were also there receiving
20 training at the same time?

21 A. Yes, there were.

22 Q. Did you meet anyone in particular
23 who worked for a company that you can

FREEDOM COURT REPORTING

Page 45

1 recall?

2 A. I don't recall their names. There
3 were people from a number of other defense
4 contractors there as well as Government
5 employees and some active duty military
6 persons there.

7 Q. Do you know if this same course of
8 instruction is also used, for example, for
9 non-military contractor companies?

10 A. Yes, it is.

11 Q. Were any -- To your knowledge,
12 were any people that received the training
13 at the same time as you people from
14 non-Government contractor companies?

15 A. Yes, there were.

16 Q. I'm just thinking, you know,
17 anything from auto manufacturers to a
18 company that sells computers, if you run the
19 gambit, isn't that true?

20 A. Yes.

21 Q. Was the training that you received
22 useful to you?

23 A. Yes, it was.

FREEDOM COURT REPORTING

Page 46

1 Q. In what way?

2 A. To become a more effective
3 manager, to identify processes and
4 procedures that could be streamlined or
5 eliminated or made more efficient.

6 Q. And do you know if the lean
7 training has been beneficial to other
8 members of AFS management?

9 A. Yes, it has.

10 Q. Is that something that you have
11 seen tangible results for yourself?

12 A. Yes, I have.

13 Q. Has AFS attempted to explore other
14 business opportunities?

15 A. Yes, we have.

16 Q. And tell me about those.

17 A. There was a Fort Rucker contract
18 for flight operations which managed the
19 flight operations air traffic control
20 organizations at Fort Rucker. We partnered
21 with another company called V.T. Griffin.

22 Q. Is that a B as in baby?

23 A. As in V, Victor Tango Griffin.

FREEDOM COURT REPORTING

Page 47

1 Q. I'm sorry. I interrupted you.

2 A. We submitted a proposal along with
3 other bidders. The Government opted to keep
4 the program in-house with Government active
5 duty in place, in-house. They decided not
6 to release a contract to any of the bidders.

7 Q. It was a function the Government
8 was providing for itself?

9 A. Yes.

10 Q. Through its own employees and it
11 decided to continue to do that?

12 A. Yes.

13 Q. What other business opportunities
14 has AFS explored?

15 A. AFS is continuing to look at
16 opportunities that would grow our business
17 that are ongoing.

18 Q. Would identifying any of those
19 other opportunities create a problem for
20 AFS?

21 A. Those opportunities that are
22 within the scope of the contract that
23 supports the government's contract here --

FREEDOM COURT REPORTING

Page 48

1 Q. Here at Fort Rucker?

2 A. Here at Fort Rucker -- there's not
3 a problem.

4 Q. You would not want to disclose
5 them for proprietary reasons?

6 A. For those opportunities we're
7 exploring external to this contract.

8 Q. Fair enough. Suffice it to say,
9 AFS is exploring opportunities outside the
10 realm of Fort Rucker?

11 A. Yes.

12 Q. Do AFS management meet separately
13 to discuss future goals and plans for AFS?

14 A. Yes.

15 Q. And how often do those meetings
16 occur?

17 A. There's no set schedule.

18 Q. I see. Would you say that such
19 meetings occur on a monthly basis?

20 A. No.

21 Q. On a quarterly basis?

22 A. It would depend on when the
23 opportunity presents itself. In other

FREEDOM COURT REPORTING

Page 49

1 words, in what the time line is for the
2 opportunity. Sometimes the schedule is
3 compressed. Sometimes it's something that's
4 over a long period of time.

5 Q. AFS does have plans to expand
6 beyond Fort Rucker?

7 A. Yes.

8 Q. I guess I need to ask this. Does
9 AFS currently have any operations outside of
10 Fort Rucker?

11 A. We do not.

12 Q. Has it ever -- Has AFS ever had
13 operations outside of Fort Rucker?

14 A. No.

15 Q. The twenty-five to thirty AFS
16 employees that have received --

17 A. Let me go back and clarify
18 something.

19 Q. Sure.

20 A. For a brief period of time, AFS,
21 at our own expense, leased an office in
22 Ozark, Alabama to explore other business
23 opportunities. That has -- That office has

FREEDOM COURT REPORTING

Page 50

1 since been closed.

2 Q. Has been closed?

3 A. Closed, yes.

4 Q. For how long was that open?

5 A. Three or four months.

6 Q. A separate office was opened
7 because separate business opportunities
8 would not be within the contract?

9 A. That's correct.

10 Q. Those employees that received
11 training at UT --

12 A. Yes.

13 Q. -- were those employees members of
14 AFS's management?

15 A. Yes.

16 Q. Were there any non-management
17 employees sent to that training?

18 A. Not to my knowledge.

19 Q. In your opinion, did the lean
20 program make you a better manager?

21 A. Yes.

22 Q. In your opinion, is that knowledge
23 that you had gained, knowledge that you

FREEDOM COURT REPORTING

Page 51

1 could take with you to another job with
2 another company?

3 A. Yes, it is.

4 Q. And you would be a better manager
5 for it?

6 A. Yes.

7 Q. Other than the forty hours of
8 instruction in the lean implementation, did
9 you receive other additional training in the
10 lean program?

11 A. Yes, I have.

12 Q. How much more?

13 A. I couldn't quantify. It's been
14 with AFS employees that have gone to other
15 lean programs and been trained and as part
16 of the train the trainer process.

17 Q. Were those programs conducted
18 offsite, the training programs?

19 A. Some of them. The majority were
20 onsite.

21 Q. Where offsite has training
22 occurred?

23 A. Montgomery, Alabama. And there

FREEDOM COURT REPORTING

Page 52

1 are other locations where an individual was
2 sent. I'm not familiar with the exact
3 locations other than Montgomery.

4 Q. In Montgomery, did a group go?

5 A. Yes, they did.

6 Q. How many?

7 A. Two to three.

8 Q. Did they stay for more than one
9 day?

10 A. Yes.

11 Q. Was the cost of staying reimbursed
12 by the Government?

13 A. Yes.

14 MR. SHAW: Can we take a break?

15 MR. DETTLING: Absolutely.

16 (Whereupon, a short recess was
17 taken.)

18 Q. We're back. When we left off, we
19 were talking about other lean training. We
20 established that two or three employees went
21 to Montgomery, expenses paid, to receive
22 further lean training?

23 A. Yes.

FREEDOM COURT REPORTING

Page 53

1 Q. Were you one of those?

2 A. I was not.

3 Q. Would you agree with me, based on
4 your testimony a few moments ago, that the
5 lean training has benefits to AFS far beyond
6 the contract at Fort Rucker?

7 MR. SHAW: Object to the form of
8 the question.

9 Q. You can answer that.

10 A. I'm not sure what you mean by far
11 and beyond.

12 Q. If you continue to work for AFS
13 and AFS has a contract in a different
14 location, would your lean training come with
15 you?

16 A. Yes.

17 Q. It'll follow you virtually
18 anywhere you go from now, won't it?

19 A. Yes.

20 Q. And that's true for all the
21 managers of AFS that have received the lean
22 training?

23 A. It depends on the individual

FREEDOM COURT REPORTING

Page 54

1 manager because the skill is perishable.

2 Q. Does the skill -- It's a skill
3 that remains so long as you're working with
4 a company that's implementing the lean?

5 A. Yes.

6 Q. And AFS is doing that?

7 A. Yes.

8 Q. And this was a new program
9 introduced; correct?

10 A. It was part of the proposal, that
11 we would introduce lean thinking. And it
12 has been directed by the Government to
13 implement lean.

14 Q. But you had not received any lean
15 training prior to this contract, had you?

16 A. I did.

17 Q. You did?

18 A. Yes.

19 Q. Describe that.

20 A. That was with Dell Computer
21 Corporation in Austin, Texas. It was also
22 forty hours of instruction for one week.

23 Q. Was that during the period when

FREEDOM COURT REPORTING

Page 55

1 you were employed by Dell?

2 A. Yes.

3 Q. Is new equipment training provided
4 to AFS by the Government?

5 A. Yes.

6 Q. What -- If you know, what new
7 equipment has the Government provided
8 training for?

9 A. The Black Hawk helicopter they
10 refer to as a UH 60 M Mic Mach (spelled
11 phonetically).

12 Q. Are both of those aircraft?

13 A. It's one aircraft.

14 Q. And what about any other new
15 equipment training?

16 A. We are providing training for --
17 on the Chinook helicopter for the CH 47 D.
18 And that will also transition to the CH 47
19 F.

20 Q. F as in Fred?

21 A. Yes.

22 Q. C-H-I-N-O-O-K?

23 A. Yes. Also for new computer

FREEDOM COURT REPORTING

Page 56

1 programs that primarily deal with supply and
2 management that are Army programs.

3 Q. Army software?

4 A. Way beyond software. It's a
5 system. It's new programs. It includes
6 hardware, software use of the program.

7 Q. This training provided regarding
8 any new -- I don't know what you call it --
9 new tools required to work on new equipment?

10 A. There are, particularly in the
11 environmental arena. There are equipment
12 that are -- specialized equipment that has
13 to have training on, or specifically in the
14 shops arena, something like a laser, laser
15 cleaner or a -- something to do with lasers
16 in the repair process.

17 Q. You said environmental arena?

18 A. Yes, sir.

19 Q. I'm not sure I understand.

20 A. For example, environmental health
21 and safety in terms of test equipment that's
22 testing for asbestos or contaminants in the
23 air such as gamium (spelled phonetically) or

FREEDOM COURT REPORTING

Page 57

1 the proper way of cleaning an environment
2 that has some type of hazard in it or just
3 the use of any type of hazard materials such
4 as a cleaning product.

5 Q. You're talking about like haz-mat
6 training?

7 A. Yes.

8 Q. There was some testimony yesterday
9 that the Equal Employment Opportunity
10 Commission conducted free training for AFS's
11 management. Are you aware of that?

12 A. No, I'm not.

13 Q. Are you aware of any requirement
14 in the proposal or contract that the EEOC
15 provide free training to AFS's management?

16 A. I'm not.

17 Q. There was also testimony yesterday
18 that there were some health and wellness
19 training for AFS's employees. Are you aware
20 of that?

21 A. There are health and wellness
22 fairs. I wouldn't classify it as training.

23 Q. So do you know whether courses or

FREEDOM COURT REPORTING

Page 58

1 seminars are given in connection with the,
2 as you put it, fairs?

3 A. There's a smoking cessation
4 program that could consist of seminars or
5 awareness training of the hazards of
6 smoking.

7 Q. Have you gone to any of those
8 fairs yourself?

9 A. Yes, I have.

10 Q. How many times?

11 A. At least five times.

12 Q. Are you aware of any instruction
13 provided in connection with the health and
14 wellness fairs regarding methods to reduce
15 stress?

16 A. There is advice or pamphlets that
17 are handed out.

18 Q. Are some of those pamphlets
19 Government published?

20 A. Not to my knowledge.

21 Q. Are civilian Department of Defense
22 employees involved in providing any
23 instruction or training in connection with

FREEDOM COURT REPORTING

Page 59

1 the health and wellness fairs?

2 A. There are people from the Soldier
3 Support Center there that may or may not be
4 Government employees. They would provide
5 the same material in terms of handouts or
6 advice or whatever it would be to the
7 employee.

8 Q. Government Support Center, is that
9 a center that is owned and operated by the
10 United States military?

11 A. It's a central building, if you
12 will, with a number of centralized offices
13 at Fort Rucker that's maintained by the
14 Government.

15 Q. Is there any provision in the --
16 or any bid proposal or contract that
17 requires Army Fleet Support employees to
18 participate in health and wellness fairs?

19 A. No.

20 Q. Do you know if any classes are
21 taught through the Soldier Support Center?

22 A. There are classes available to all
23 active duty Government employees and

FREEDOM COURT REPORTING

Page 60

1 civilian contractors at Fort Rucker through
2 the Lister Health Clinic for smoking
3 cessation. I'm not aware that it has
4 anything to do with the Soldier Support
5 Center.

6 Q. I guess if I understand your
7 testimony, you're not aware of whether or
8 not there are any classes taught through the
9 Soldier Support Center?

10 A. Correct.

11 Q. Has the Government reimbursed --
12 well, strike that. Let me back up. Has AFS
13 modified any physical facilities during its
14 performance of the Fort Rucker contract?

15 A. Yes.

16 Q. And in what way?

17 A. Temporary partitions or walls in
18 an office area or putting a door up where
19 there's no door.

20 Q. Are you aware of whether or not
21 any elevators have been installed in any of
22 the facilities during the performance of the
23 Fort Rucker contract?

FREEDOM COURT REPORTING

Page 61

1 A. They have not.

2 Q. Are you aware of any chair
3 elevators being installed in any facilities
4 during the performance of the Fort Rucker
5 contract?

6 A. I am not.

7 Q. Do you know what I mean by chair
8 elevator?

9 A. Yes, I do.

10 Q. Are you able to say that that has
11 not happened or are you -- is it your
12 testimony you're not sure whether or not
13 that has happened?

14 A. It has not happened.

15 Q. Just to be clear, too. Back when
16 I asked you a moment ago about the
17 elevators, is it -- it's my understanding
18 your testimony -- it's your testimony that
19 that has not happened or you are not aware
20 whether or not that has happened?

21 A. It has not happened.

22 Q. Have any facilities been modified
23 at Fort Rucker during the performance of

FREEDOM COURT REPORTING

2 AFS employee's disability?

3 A. Not to my knowledge.

4 Q. Who would know that information?

5 A. Any modification to the facilities
6 requires -- if it's done by AFS, it requires
7 the government's approval. And it goes
8 through the property book officer Ms. Trish
9 Durham who works for the Aviation Center.

10 The director of engineering or
11 let's call it director of public works has
12 to approve any type of modification.

13 Q. Who is that person?

14 A. Mr. Ed Janowsky, J-A-N-O-W-S-K-I
15 -- S-K-Y.

16 Q. Is Mr. Janowsky a Government
17 employee?

18 A. Yes, he is.

19 Q. And Ms. Durham?

20 A. Government employee. AFS is not
21 allowed to make any modification to a
22 facility without Government approval.

23 Q. Has AFS to your knowledge

4 A. Not to my knowledge.

5 Q. Who would know?

6 A. Mr. Stacy Bedsole, S-T-A-C-Y,
7 B-E-D-S-O-L-E. He's our facilities
8 engineer.

9 Q. Is he a Government employee?

10 A. No, he is not. AFS.

11 Q. Is he the AFS employee who is
12 responsible for making requests to modify
13 facilities?

14 A. Yes.

15 Q. So if such request is made, it
16 pretty much has to go through Mr. Bedsole?

17 A. Yes.

18 Q. Although -- strike that. Although
19 you're not aware of any such requests being
20 made by AFS, if such request was made by AFS
21 and the Government accepted it, would that
22 be a cost reimbursed by the Government?

23 A. The Government would in all

2 either with their own employees or with a
3 subcontractor.

4 Q. Okay. So the Government would
5 either do it on their own using their own
6 methods, employees or contractors --

7 A. Yes.

8 Q. -- or they would reimburse AFS if
9 AFS was for some reason was required to make
10 the facilities change?

11 A. Yes. Or they would deny it and
12 the affected employee would have to be
13 relocated to a facility that already had
14 access of some kind.

15 Q. To your knowledge, has AFS
16 requested a new job position or the creation
17 of a new job from the Government during its
18 contract?

19 A. Yes.

20 Q. Tell me about the jobs, the new
21 jobs that have been requested by the
22 Government.

5 Q. Can you think of others?

6 A. The facilities manager in order to
7 assist the Government in managing the -- all
8 of the facilities that AFS has been -- has
9 occupied.

10 Q. Is that different from the
11 facilities engineer?

12 A. That's the same person.

13 Q. Stacy Bedsole?

14 A. Yes. The Government has recently
15 directed us to add two more positions to
16 that department at Government direction.

17 Q. Would those be new hires?

18 A. They could be if we don't
19 currently have someone on the contract that
20 has the qualifications.

21 Q. Are you aware of any requests made
22 by AFS to the Government to create a new
23 position that was denied?

1 A. Yes.

2 Q. Can you tell me about that?

3 A. Training coordinator in
4 conjunction with the change with the Federal

6 We asked for the two FAA coordinators, a
7 training person and they denied the training
8 person.

9 Q. So they approved the coordinator?

10 A. Yes.

11 Q. And denied the training
12 coordinator?

13 A. They approved two FAA coordinators
14 and then denied the trainer. They also
15 denied a security and investigations
16 analyst. They've also denied a
17 communications assistant or communications
18 coordinator.

19 Q. Okay. It sounds to me like all
20 these positions that you're describing that
21 you have requested and was granted or
22 denied, are positions that would be outside
23 the collective bargaining agreement; is that

2 A. Those positions I cited are
3 outside the collective bargaining
4 agreement. There have been multiple
5 positions that already exist in terms of a
6 classification.

7 But in terms of the number that
8 you asked for -- for example, aircraft
9 mechanic. You currently have one hundred,
10 you ask for a hundred and fifty, they denied
11 fifty.

12 Q. In that case, that would be a
13 request of employees that are covered by the
14 collective bargaining agreement?

15 A. Yes.

16 Q. That was going to be my question.
17 Requests have to be made to create a new
18 position or increase staffing in a current
19 position regardless of whether or not that
20 position would be inside or outside the

5 Q. And it's negotiated annually?

6 A. Yes, it is.

7 Q. As a result of ongoing annual
8 negotiations, has AFS's overall staffing on
9 the contract increased?

10 A. Yes, it has.

11 Q. Is that only a net increase or has
12 it been increased each year?

13 A. There's been an increase each
14 year.

15 Q. And the increased staffing, those
16 are still costs reimbursed by the
17 Government?

18 A. Yes.

19 Q. To your knowledge, has AFS ever

STATE OF ALABAMA

COUNTY OF DALE

AFFIDAVIT OF JOHN L. HAMLIN

John L. Hamlin, after being first duly sworn, deposes and says as follows:

1. My name is John L. Hamlin. I am over the age of majority and competent to testify to the matters stated herein. This affidavit is based on my personal knowledge.
2. I am Director, Business and Contracts, for Army Fleet Support, LLC ("AFS"). I have held this position since December 2005.
3. In September, 2003, AFS was notified that it was the successful bidder in response to the US Army Aviation & Missile Command's ("the Government's") Request for Proposals to provide maintenance and logistics support, effective December 1, 2003, to aircraft assigned to the US Army Aviation Center, Aviation Technical Test Center ("ATTC"), US Army Aeromedical Research Laboratory and other tenant and satellite units on Fort Rucker, Alabama. The primary objective of the contract awarded to AFS ("the Contract") by the Government was, and is, to provide aircraft maintenance in support of the flight training programs at Fort Rucker.
4. AFS was awarded this Contract through competitive bidding that involved the incumbent contractor, DynCorp Technical Services, LLC, Sikorsky Support Services Incorporated ("SSSI"), a previous contractor, and others.
5. This Contract is the largest aircraft maintenance contract in the Department of Defense. More than 3,200 people are employed by AFS in its maintenance and

**PLAINTIFF'S
EXHIBIT**

16

logistics program at Fort Rucker.

6. The services performed by AFS under the Contract are on a Cost Reimbursable Plus Award and Incentive Fee basis, as provided in the Request for Proposal upon which all bidders bid. In other words, AFS is reimbursed by the Government for its costs, plus an agreed percentage of the savings below target costs and the opportunity for incentive fees, based on performance. The base period of the Contract was for one year, with options to extend up to a total of ten years, three months. Currently, the Contract has been extended by the Government through September 30, 2008.

7. Per the contract terms dictated by the Government in its Request for Proposals, "[a]ll work will be performed in government furnished facilities at Fort Rucker, Alabama, and other locations as required." (See § C.1 of Attachment 1 (Continuation Sheet) of the Performance Work Statement attached to my affidavit.) The Government's Contract further provides that "[t]he Government will furnish the materials, supplies, equipment, machinery, [and] tools specified in the exhibits [to the Contract]." (See § C.10.1 of Attachment 1 (Continuation Sheet) of the Performance Work Statement attached to my Affidavit.) These materials, supplies, etc. include: existing aircraft maintenance facilities; Government-owned vehicles; new equipment training for the maintenance of new equipment that AFS is required to support; protective and flight clothing; utilities; aviation and motor vehicle fuels, oils, and petroleum

products required in the execution of the Contract; and reproduction (duplication) services. (See §§ C.10.1.1. - C.10.7 and Attachments 9, 9a, 10, 11 & 14.) AFS is accountable to return the facilities and non-expendable property to the Government, or turn them over to the successor contractor, at the conclusion of this Contract.

8. The furnishing of the above property pursuant to the Contract is not a subsidy or gift to AFS by the Government. These provisions were in the Request for Proposal issued by the Government and on which AFS and all other bidders submitted their Proposals. As a practical matter, since the objective of the Contract is to provide aircraft maintenance in support of the flight training programs at Fort Rucker, and the Government owns all of the real property and facilities comprising Fort Rucker, the successful bidder must maintain its operation on Fort Rucker to accomplish its mission in a timely manner. The facilities on Fort Rucker and most of the equipment there that are used by AFS, pre-existed the onset of the Contract and were used by previous contractors.

9. It is my understanding that the Government has entered similar contracts with other maintenance contractors over, approximately, the last fifty years. Were the Government not to furnish the property and services listed, the successful bidder would have to furnish that property and, in turn, charge the Government for same on a "cost-plus" basis.

10. The Government's furnishing of certain facilities and property for AFS's

use does not increase AFS=s profits. If anything, it reduces AFS=s profits since the Contract is a Acost-plus@ one, and AFS has no opportunity to earn a profit on the cost of the facilities and property furnished by the Government.

11. In performing its Contract with the Government, AFS is subject to the regulations listed in § C.12 of Attachment 1 (Continuation Sheet) of the Performance Work Statement attached to my affidavit. Those regulations include regulations of The Department of Defense and The Department of the Army.

Further, Affiant saith not.

C.1 INTRODUCTION

The purpose of this contract is to provide quality maintenance support to the aircraft assigned as reflected in Attachment 2 to the US Army Aviation Center, Aviation Technical Test Center (ATTC), US Army Aeromedical Research Laboratory and other tenant and satellite units on Fort Rucker, Alabama. All work will be performed in government furnished facilities at Fort Rucker, Alabama, and other locations as required.

C.1.1 Performance Work Objective

The primary objective of this contract is to provide aircraft maintenance in support of the flight training at Fort Rucker, Alabama. For each month during the fiscal year (FY), the Government will provide the Contractor a fixed percentage of aircraft fleet required to be available for each day of the month having flight operations. The required number of available aircraft will vary by aircraft type. Contractor must execute aircraft maintenance to meet the available aircraft requirement for the month. The monthly projected available aircraft required for FY04 is provided in Attachment 2. Contractor must develop and execute a maintenance program to ensure the specified numbers of aircraft listed are available for launch. The Contractor shall maintain aircraft in accordance with appropriate Technical Manuals, Federal Aviation Regulations, and US Army Aviation Center (USAAVNC) Regulations and all Army Regulations.

C.1.2 Changes to the Available Aircraft Requirement

Changes to Attachment 2 may be made by the Contracting Officer Representative (COR) and provided to the Contractor two (2) weeks prior to the beginning of the month. After the two (2) week point, the requirement for available aircraft is fixed. Configuration and number of aircraft required shall be provided to the Contractor on a daily basis. Changes to aircraft configuration and configuration quantity only will be submitted no later than 3:00 pm the day prior to the actual requirement. Changes in configuration do not affect the number of aircraft required to be available.

C.1.3 Applicable Documents

- a. Where specific version of a document is called out as a reference, no other version shall be used without prior written consent of the Contracting Officer. The applicable version of subsidiary (second-tier) documents listed below shall be that version dated either concurrent with or just prior to the date of the listed documents.
- b. The Contractor shall generate and/or provide documentation as required by this Performance Work Statement, and the Contract Data Requirements List (CDRL) at Exhibit A. Exhibit A shall also apply to all options years.
- c. The documents listed on the Document Summary List (DSL) at Attachment 7 form a part of this contract to the extent invoked by specific reference in other paragraphs of this contract. Revision letters, amendment indicators, notices, supplements, tailoring, and dates are omitted when listed in other parts and sections of the contract. Documentation identified on the DSL shall be made available upon request for Government review in its current available format.
- d. Deliverable and non-deliverable data shall be capable of electronic transmission and storage to Government facilities or Government access electronically to the data at Contractor facilities. The Contractor shall maintain a system that provides electronic delivery/access to the Government. Data not developed under this contract will be provided in its currently available format.

C.1.4 Performance Inspection Criteria

For this acquisition, the Government desires to emphasize mission, performance, quality of maintenance, supply management, limited depot repair of parts, and cost effectiveness. The performance inspection criteria for this contract are established in Attachment 8.

SECTION C.10	DESCRIPTION/SPECIFICATIONS/WORK STATEMENT GOVERNMENT FURNISHED PROPERTY AND SERVICES	SECTION C.10

C.10. GOVERNMENT FURNISHED PROPERTY (GFP) AND SERVICES

C.10.1 Government Property

The Government will furnish the materials, supplies, equipment, machinery, tools specified in the exhibits. The Government will also provide repair parts and components for all Army aircraft, except the TH-67 through DoD Supply System (See Part C.6). Property provided by the Government will be in accordance with current Table of Distribution and Allowance (TDA) or as approved by the KO. The Contractor shall accomplish all maintenance functions relating to Government provided equipment under the terms of this contract as required by the Government Property clause.

C.10.1.1 Government Facilities

The Government will furnish for use by the Contractor existing aircraft maintenance facilities, reserving for its own use such facilities as are required for flight operations, maintenance inspections, and supply and storage. The maintenance of facilities, commonly referred to as "repairs and utility" functions, will be the responsibility of the Government. For all alterations, modifications, or additions to facilities, a Facilities Engineering Work Request (DA Form 4283) shall be submitted through the Property Administrator (PA) to the Directorate of Engineering and Logistics (DEL). The Government will provide facilities listed in Attachment 10 Lists Facilities. The Contractor shall not perform any modifications to Government facilities without approval of the PA and the KO.

C.10.1.2 Government-Owned Vehicles

The Government will furnish vehicles for official use by the Contractor. Government furnished non-tactical vehicles (NTV) will be furnished and maintained by the Government Services Administration (GSA) from GSA Interagency Fleet Management System (IFMS). All other types of Government-owned vehicles, i.e., fuel trucks, 5-ton wrecker, electric golf carts, etc., shall be furnished by the Government, but Contractor shall perform all maintenance. These Government-owned vehicles shall not be used to transport contractor employees between their homes and places of employment or for any personal business or benefit. All contractor employees operating Government-owned vehicles shall have a valid appropriate state operator's permit. Whenever possible, gas or electric powered "golf carts" shall be utilized in place of trucks, sedans, vans, or other "on-road" vehicles. The GSA Vehicle Density List at Attachment 11 contains trucks, sedans, and vans provided by the Government for contractor use. The Equipment List at Attachment 4a contains other type vehicles provided by Government for contractor's use. Contractor shall maintain a management information system on all vehicles and provide status IAW DI-MISC-80508.

C.10.1.3 Government-Owned Aircraft

Title and control of Government-owned aircraft shall remain in and with the Government.

C.10.2 Calibration Service and Maintenance

The Government will furnish only that calibration service and maintenance on Test, Measurement, and Diagnostic Equipment (TMDE), which is determined to be beyond the capability, responsibility and authority of the Contractor in accordance with those references cited in C.5.5 of this PWS.

C.10.3 New Equipment Training (NET)

The Government will, when required, provide NET to the Contractor for the maintenance of new equipment introduced which the Contractor is required to support. Upon notification by the KO or COR that training is available, the Contractor shall provide personnel who require the training for performance of duties. Each person provided such training will incur a minimum two (2) year obligation, after completion of training, to serve in the job classification/position for which the training was received, provided the person remains employed by the Contractor. Persons receiving NET of two weeks or longer will not be eligible for additional formal training during the two (2) year obligation, unless such additional training is on equipment for the same aircraft system or there is a requirement to train an employee on more than one type aircraft during this period.

C.10.4 Protective and Flight Clothing

The Government will furnish protective and flight clothing, which shall be utilized by contractor personnel in areas requiring such in the performance of the contract. The Contractor shall submit requests for protective and flight clothing to the PA for approval.

C.10.5 Utilities

The Government will furnish utility related services currently available in the facilities to be provided. These utilities include heating fuels, gas, electricity, water, and sewage. The Contractor shall abide by installation regulations on energy conservation.

C.10.6 Mobility Fuels

The Government will furnish all aviation and motor vehicle fuels, oils, and petroleum products required in the execution of the contract.

C.10.7 Reproduction Service

The Government shall provide, if available, all reproduction (duplication) required under the Government printing and binding regulations. If the Government cannot provide required services within the necessary

timeframe, the contractor is authorized to utilize commercial sources. The contractor shall select the most economical means of obtaining services, considering overall quality services provided.

C.10.8 Contractor Provided Equipment

The Contractor will provide all facilities, equipment, repair parts, supplies, and materials required by this contract except as otherwise designated as GFP/GFE. The Contractor shall assume property responsibility for Aircraft Basic Issue List Items (DA Form 2408-17 and DA Pam 738-751). Mechanics' hand tools as appearing on approved tool lists and supplies required to maintain said tools in functional condition are specifically excluded from provision as GFE under this contract.

POLICY 14 DISABLED EMPLOYEES - VIETNAM ERA VETERANS, DISABLED VETERANS

Army Fleet Support is a government contractor and is therefore subject to the provisions of the Americans with Disabilities Act of 1990, the Rehabilitation Act of 1973, and the Vietnam Era Veterans Readjustment Assistance Act of 1974.

These acts require all government contractors to take affirmative action to employ and advance in employment qualified individuals covered by these laws.

To accomplish this, the Company must first know who our qualified disabled employees are, who our qualified disabled veterans are, and who our Vietnam era veterans are. Such information will be kept confidential but will aid us in identifying the employee and providing consideration or accommodations for employment opportunities. Therefore, you are invited to notify your Personnel office if you fall in one or more of the following categories:

Disabled - Any qualified person who (1) has a physical or mental impairment which substantially limits one or more of such person's major life activities; (2) has a record of such impairment or (3) is regarded as having such an impairment.

Vietnam Era Veteran - Any person who served on active duty for a period of more than 180 days, any part of which occurred between August 5, 1964 and May 7, 1975.

Disabled Veteran - Any person who is entitled to disability compensation under laws administered by the Veterans Administration for disability rated at 30 percent or more, or a person whose discharge or release from active duty was for a disability incurred or aggravated in the line of duty.

If you fall in one or more of these categories and have not previously identified yourself as such, you may visit the Personnel Section, located in Donnell Shopping Center, Daleville, weekdays during the hours of 0700 - 1530, or you may call 598-0418 and identify yourself for inclusion in the Company's personnel records for affirmative action consideration.

Submission of this information is voluntary, and refusal to provide it will in no way deny you consideration for any job for which you are qualified.

POLICY 13 AFFIRMATIVE ACTION PROGRAM EQUAL EMPLOYMENT OPPORTUNITY

Our Affirmative Action Program provides for equal employment opportunity for all applicants and employees without regard to race, color, sex, religion, age, national origin, disability, or because the individual is a Vietnam Era veteran.

All applicants will receive full and impartial consideration for initial employment in our recruiting and hiring program. All placement decisions are based solely on an individual's qualifications for the position being filled. All individuals will have equal standings and security as Army Fleet Support employees and shall enjoy equal opportunity to receive training, recognition and promotion. Other personnel actions such as compensation, benefits, transfers, layoffs, recalls from layoff, company-sponsored training and other programs will be administered in accordance with this program.

The Affirmative Action Program is on file in the office of Human Resources, Donnell Shopping Center and can be reviewed between the hours of 0730 – 1500, Monday through Friday.

The Human Resources Department continually analyzes personnel records and actions and monitors the overall effectiveness of this program to assure compliance with this policy. Any employee who feels he/she has been discriminated against due to race, color, sex, religion, age, national origin, disability, or veteran status should contact Shirley Leingang, EEO Officer, located in Donnell Shopping Center, telephone 598-0404, Robert Whitney, EEO Coordinator, Donnell Shopping Center, telephone 598-0418, Jacquelyn Addison, Donnell Shopping Center, telephone 503-3380, Darlene Sanders, EEO Coordinator, Donnell Shopping Center, 503-3394, Jane Taylor, EEO Coordinator, Donnell Shopping Center, 598-0411, or Mark Couch, EEO Coordinator, Donnell Shopping Center, 503-3352.
